Consumer Rated Condition:

Fair

"Fair" condition means that the vehicle probably has some mechanical or cosmetic defects, but is still in safe running condition. The paint, body and/or interior need work to be performed by a professional in order to be sold. The tires need to be replaced. There may be some repairable rust damage. The value of cars in this category may vary widely. A clean title history is assumed. Even after significant reconditioning this vehicle may not qualify for the Blue Book Suggested Retail value.

Private Party Value

\$2,455

Private Party value represents what you might expect to pay for a used car when purchasing from a private party. It may also represent the value you might expect to receive when selling your own used car to another private party.
